Quality Standards Compliance – Q1 2026

Challenges

Late fund disbursement in 2025 limited Q3 assessment coverage to 68%.

NPHCDA dashboard sync issues; DHPRS deployed an interim ODK checklist.

Two Southern Ijaw facilities unassessed in Q1 2026 due to access constraints.

Delays in DFF payment, DHIS2 reporting and training for new facilities.

Recommendations

1. Sustain assessment coverage above 95% every quarter.
2. Disburse BHCPF funds to additional eligible facilities.
3. Open DHIS2 data elements for newly onboarded BHCPF facilities.
4. Complete the ongoing Q2 2026 quality assessment.
5. Target support at Human Resource Management and HMIS.
6. Continue supportive supervision and mentorship.
7. Sustain timely DFF disbursements.

EXPECTED OUTCOME	Improved service delivery, increased facility readiness, and strengthened BHCPF implementation across Bayelsa State.
